

NECTAC Webinar on Accessing EPSDT for Part C Services Poll Question Results

September 1, 2011

Participants were polled informally throughout the Webinar in an effort to determine how participating states were configured and to assist presenters in focusing their comments to meet the interests of participants. Not all participants were able to access the online feature due to location or use of lower tech participation. The following are the polling results from the event.

- 1. Are early intervention services carved out of Medicaid Managed Care?**
 - a) Yes – 21.74% (n=5)
 - b) No – 60.87% (n=14)
