COSF Management Tools

Designed to ensure:

- ❖ Professional development
- ❖ Ongoing data supervision/monitoring
- ❖ Ongoing quality data analysis

Resource: ECO TA Call "Improving the Quality of Child Outcome Data" March 19, 2009

ECO Center Questions:

- ❖ How do you know the data is missing? Can you tell if you are missing data by local programs, for certain types of kids (dx or exit reasons, etc), types of families,
- ❖ Can we see if data is missing for every child?

Alaska Data Compliance Report

– Yes

- ❖ DCR2 is child specific
- ❖ Indicator specific
- ❖ Data available to local agencies and state staff

Missing data is identified on reports as missing or denotes other reasons for non-compliance.

Child Outcomes Summary

Allows for Pattern checking

- ❖ OSEP progress categories
